# **Background and Methodology**

## **Background and Methodology**

### **Background**

The Louisville Bar Association (LBA) contracted the services of Thoroughbred Research Group to assist in its annual review of the performance of sitting judges. KBA members with contact addresses in Jefferson County were invited to rate the performance of various judges with whom they have had experience over the past two years. Judges included in the 2016 evaluation were those serving in the United States District Court for the Western District of Kentucky, United States Bankruptcy Court for the Western District of Kentucky, and Jefferson District Court. Also included in the 2016 evaluation were Magistrate Judges for the Western District of Kentucky.

### **Methodology**

A total of 4,619 KBA members received an emailed invitation to participate in the evaluation. The invitation contained a link to participate in the electronic evaluation. A unique identification number was required to access the evaluation. The evaluation was open from October 20 through November 4, 2016. If any attorney did not want to participate via the electronic evaluation, he or she was allowed to print out a paper copy of the evaluation and return it by mail to Thoroughbred Research Group for processing.

In total, 414 responses were received – 411 electronic evaluations, along with 3 mailed paper evaluations.

### **Questionnaire**

The survey instrument included a series of 19 attributes for judges of the United States District Court and Jefferson District Court, and 17 attributes for judges of the United States Bankruptcy Court and Magistrate Judges that were used to evaluate the performance of each judge. Respondents were asked to indicate the extent to which they agreed or disagreed with each statement used to describe a particular judge using a four-point rating scale of strongly disagree, disagree, agree, and strongly agree. Respondents were also given an option to write in any advice they would give to a particular judge to improve his/her performance. These comments were provided only to the applicable judge under separate cover as confidential feedback for his or her personal review. General comments on how to improve the evaluation process and the court system were submitted to the LBA's Judicial Evaluation Committee and the Chief Judge of each court, respectively, under separate cover.

Respondents were instructed to rate only those judges with whom they have had substantial professional contact within the past two years.

**Response Rate**

Because of the size of the litigation bar and the nature of such practice, only a limited number of attorneys have had significant experience with a particular judge in a specific court. Consequently, from the original 4,619 attorneys who received notice of the evaluation, just a fraction could reasonably be expected to respond to the survey questions. Of those attorneys who were qualified and agreed to respond to the evaluation, many may have significant experience in only one of the courts evaluated or with a limited number of the judges listed. Still, the number of lawyers responding is more than adequate to result in a statistically valid evaluation of the judiciary.

The total numbers of KBA members who rated each judge are shown below:

Note: Magistrate Judges Brennenstuhl and King occasionally hear cases in the Louisville area, and are therefore included in this evaluation. However, they primarily adjudicate cases in other areas of the Western District of Kentucky. The views of the Louisville-area attorneys shown here should not be interpreted as an evaluation from the full range of attorneys who have practiced before these judges during the past two years.
